haelanaria - medical room.
hemacephalene - biological component of childe brain.
High Fleet Tetrarch - house military rank superior to that of Ordnance-Tetrarch.
House Meddhoran - Newblood project seeded by House Xianthellipse originally comprising fifteen childrene as follows:

females:

Emiousha
Laethynrisa
Gedarra
Thraenrellis
Pyrhentana
Dorhira
Rothis

males:

[unnamed deceased]
[unnamed deceased]
[unnamed deceased]
Lavell
Insoleanis
Arven
Nuris
Rhodenet

* * * * *

illuminant - free floating lighting globe illuminating all surfaces of a chamber.

Invisier - rank of which the substrate grade is denoted by the wearing of a dull beige pellicule. Thraenrellis is an Invisier.

* * * * *

Kithriarch - head of a chapterhouse identified by the wearing of a red and black peignor. Emiousha is Kithriarch of House Meddhoran.

* * * * *

laminare - free floating medical berth.

lattice-work - the use of a ghosting lattice.

lowstat - meaning vulgar.

* * * * *

memetic lance - hand weapon used against alchemetic technology.

memetic priming - process by which childrene are primed with foreknowledge during looming.

* * * * *

Nomancier - rank denoted by the wearing of a light blue peignor upon which tracks of animate ceramic are mounted. Laethynrisa is a Nomancier.
